Blessings & Woes

Luke's Beatitudes do not shy away from the physical and the economic.

These blessings deal with the poor, not the poor in spirit, and the hungry, not those who hunger for righteousness.

The effects poverty, wealth, and social status have on people is pointed to, not spiritualized.

- ✚ Have you really stopped and thought about how much "enough" is for you and your family?
- ✚ What economic realities in my community shape, either positively or negatively, my day to day life? How about the lives of other people sitting in pews near me today? How about the lives of all the people not in the pews?
- ✚ Think of a time when someone was generous to you, and a time when you were generous. What did that do to you?

God, you root those who trust in you by streams of healing water. Release us from the bonds of disease, free us from the power of evil, and turn us from falsehood and illusion, that we may find the blessing of new life in you through the power of Christ. Amen.
